

NWO workshop on Astroparticle Physics
13 September 2013, 12:00-17:30

Meeting Venue

NWO – building Java, room 300

Laan van Nieuw Oost Indië 300, Den Haag

<http://www.nwo.nl/contact>

Please confirm your participation by 10 September, by sending an email to astroparticlephysics@nwo.nl.

Programme

12:00-13:00: Lunch

13:00-13:10: Welcome and introduction by NWO

Introductory words by Jörg Hörandel

13.10-13.25: Astroparticle Physics at Nikhef (Frank Linde, Director Nikhef)

13:25-15:05: A multimessenger approach

13:25-13:50: Cosmic Ray Astronomy (Jörg Hörandel, Radboud Universiteit Nijmegen)

13:50-14:15: Gravitational Waves (Chris van den Broek, Nikhef)

14:15-14:40: Gamma ray Astronomy (Jacco Vink, Universiteit van Amsterdam)

14:40-15:05: Neutrino Astronomy (Dorothea Samtleben, Nikhef & Universiteit Leiden)

15:05-15:30: Coffee break

15:30-17:00: Discussion session to identify a possible theme for a coherent interdisciplinary research programme

17:00-17:15: Break

17:15-17:30: Wrap up

During the discussion session there is an opportunity to present short individual contributions (5 minutes, max. 3 slides). Please inform us by 11 September if you would like to make use of this opportunity by sending an email to astroparticlephysics@nwo.nl.
